

EPRI Webcast: Smart Grid Drivers for Organizational Change

December 15, 2009

Hosts:

Don Von Dollen, EPRI

Ron Farquharson, EnerNex Corporation

Background

- **Objective:**
Equip interested utility staff that are planning (or managing) Smart Grid (technology implementation) projects with experience and insights (related to organizational change) gained by “doing it”.
- **Format:**
 - Speaker presentation (three) – 20 to 30 minutes
 - Discussion following each speaker – 5-10 minutes
 - All panel discussion - response to audience (or prompted) questions and topics
- **Logistics:**
 - Before speaking provide your name and affiliation
 - Keep your phone on mute unless talking
 - Please NO phones on HOLD
 - We are recording the session
- **Hand outs:**
 - Send an e-mail with “EPRI OCM” in the subject line to: ron@enernex.com
